

Representing an unbeatable combination of performance, style and control the Herschel Select XLS is the ultimate in infrared heating.

Select XLS incorporates the latest innovation in control with Herschel's SMART-R technology integrated into the panel. SMART-R allows the heater to be controlled with our XLS thermostats (sold separately) for simple, easy to use, smartphone-enabled efficient heating, or even voice control when used with Alexa or Google Assistant.

Finished with design and simplicity in mind this super-slim, plug and play frameless panel is straightforward to use. The heater comes with a UK plug and can be easily mounted with Herschel's EASYFIX mounting system. Optional feet are available for portable use. For a professional installation the plug can be removed and the panel can be hard wired to the mains and ceiling or wall mounted.

Herschel Select XLS delivers all the benefits of low energy, efficient infrared heating. Zero light, zero noise and maintenance free. Built with sustainability in mind, Select XLS is built from high quality, solid-state components designed for optimum performance and longevity. Our packaging is close to 100% recyclable and designed the heater so over 95% of it is fully recyclable at end of life - it's the perfect choice for both homes and businesses looking for a low carbon and low environmental impact heating solution.

Beautifully discreet in appearance, the space-saving Select XLS White comes complete with a 5 year warranty. Fully compliant with European energy saving regulation (Lot 20) with your choice of XLS thermostat control (sold separately). Select XLS is certified to appropriate country standards as well as rigorous testing by TÜV.

TECHNICAL DETAILS

- SURFACE: Aluminium
- COLOUR: White (RAL: 9003)
- REAR PANEL: Steel
- FRAME: Frameless
- SURFACE TEMPERATURE: Approx. 85°C - 105°C (wall), 95°C - 115°C (ceiling)
- VOLTAGE: 220-240 V, 50/60Hz
- PROTECTION CLASS: IP44
- CABLE: 1.8m power cable with plug
- INSTALLATION: Wall or ceiling* mounted
*For ceiling mounting, use suitable fixings or connect to ceiling joist to secure heaters safely
- CERTIFICATES:
- WARRANTY: 5 years
(Refer to the warranty policy on Herschel-infrared.com for more detail including exclusions)

AVAILABLE MODELS

Model	Part No.	Dimensions	Weight	Rated Power @240V	Heated Area
Select XLS	XLS300W	30 x 90 x 1.6 cm	5.5kg	300W	5-7m ²
	XLS400W	60 x 60 x 1.6 cm	6.5kg	400W	6-8m ²
	XLS600W	60 x 85 x 1.6 cm	8.5kg	600W	11-13m ²
	XLS800W	60 x 120 x 1.6 cm	11.5kg	800W	13-18m ²
	XLS1100W	60 x 155 x 1.6 cm	18kg	1100W	15-24m ²

The heated areas are an indicative guide only. The actual heated area will depend on the heat loss of the room which is influenced by many factors including construction type, external walls, window area and insulation levels. Always use the Herschel online calculator or contact your dealer or installer for an accurate specification. The Select XLS panel comes with one EASY-FIX mounting bracket. When installed, the front of the panel will extend a total of 5cm from the wall. The panel will radiate heat into the room and will perform best when mounted in a position free of any direct obstructions such as a sofa. Refer to installation instructions for full details.

6 REASONS WHY

- ✓ 100% natural
- ✓ Heats objects, not the air
- ✓ Less damp and mould
- ✓ Reduced energy use
- ✓ Maintenance free
- ✓ CO2 free when used with renewable energy
