

UNICITY Paraway Plus

The digestive system breaks down and absorbs nutrients from everything we eat and drink. Such an important task requires a careful balance in the microbiome. However, things like international travel and our diet can upset the digestive system from time to time, throwing off the careful balance of beneficial organisms that inhabit our intestines.

Unicity Paraway Plus is comprehensive gastrointestinal support designed to support your microbiome balance, aid the body in the cleansing of unwanted materials, and help protect the digestive tract. Paraway Plus' exclusive herbal blend aids in supporting a healthy, balanced gut biome.*

Features

- Powerful blend of herbs used to support a healthy intestinal biome
- Ingredients that help calm and soothe the digestive system

Benefits

Helps remove waste from the digestive tract

Aids in supporting a healthy balance of microorganisms in the gut

Supports a healthy intestinal biome

Use

Take two capsules every morning for the first 10 days, then five capsules every morning for the next 20 days. Take with food. Do not exceed five capsules a day.

Not intended for long-term use. Paraway Plus should only be taken once or twice a year, over a 30-day period, to help support a healthy biome.

Ingredients: chamomile flower, peppermint leaf, thyme leaf, fennel seed, sodium copper chlorophyll, hyssop, gentian root

Can I adjust the dosage amount of Paraway Plus?

It is important to take Paraway Plus exactly as recommended. The dosage for Paraway Plus is designed to allow the body and intestinal tract time to get used to the effect of the product. The recommended dosage is necessary in order to obtain the full cleansing and biome balancing properties of the product.

Can I take Paraway Plus outside of the Cleanse Pack?

Paraway Plus can be taken on its own. However, we recommend taking it with the Cleanse Pack for optimal results.

Does Paraway Plus have any side effects?

Some people may experience side effects, including headaches and dry mouth. This is a normal reaction to the ingredients included in Paraway Plus (specifically black walnut, gentian, and hyssop). Taking Paraway Plus with plenty of water can help alleviate these symptoms.

Do I need to change my diet while taking Paraway Plus?

While you may continue to eat normally while taking Paraway Plus, we recommend a healthy, balanced diet. Also, make sure you are drinking plenty of water—at least 64 oz. (1.9L)a day.
